**APPROVED DISTRIBUTION FACILITY
LETTER OF AGREEMENT**

The intent of the Approved Distribution Facility Program is to maintain the highest level of integrity and accountability for product manufactured by RBC Bearings and sold through distributors.

1. Distributor agrees to maintain RBC supplied factory certifications and inspection reports for a period of not less than 7 years from date of shipment to distributor's customers. Certifications, test reports and other data as required by the procurement specification shall be provided by the distributor for no additional cost to the purchaser.
2. RBC factory certifications shall not be altered, modified, corrected, or misrepresented in any way.
3. Product design, product characteristics, or product quality requirements shall not be changed without RBC and The Boeing Company prior written approval.
4. Distributor shall maintain lot integrity throughout the inspection, stocking and distribution process. Complete traceability shall be maintained throughout all handling operations. Inspection lots shall not be co-mingled.
5. Distributor shall segregate all non-conforming product and take all necessary actions when such product is discovered or when notified of a nonconformance, or suspected condition existing in a product. This includes, but is not limited to notification of RBC and all known purchasers of the product.
